Personal Projects:

Real Farm Puzzle (Android Game)

A puzzle game children using real photos so that the child does not get confused between cartoon style games & real farm animals. I created it using Adobe Flash CC 2015 using Adobe Air for Android.

[On Google Play](#)

Math Pirates (Android Educational Game)

A multiplication game from 0 to 10 for children, the user has 3 minutes to collect coins as much as he/she can. I created it using Adobe Flash CC 2015 using Adobe Air for Android.

[On Google Play](#)

Shutterstock Stock Video Contributor

I create videos using various video editing software & plug-ins to be as stock videos for sale.

Recommendations:

Khader Abu Al-Edam

Position: Project Manager at Minhaj for Educational Technologies Said:

"I got the chance to work with Emad directly, Emad cares a lot about self-development & mastering his work, I recommend him for any position that requires creativity, as he would exceed the expectations."

Aladdin Abu Rob

Position: Director at Minhaj for Educational Technologies Said:

"Emad is very talented multimedia developer, who understood the alphabetic of rich digital art & worked hard to master the production tools, I liked working with Emad."

Asem Abu-Sbeit

Position: System Development Manager at Obeikan Education Said:

"During my work with Emad, he showed exemplary dedication & professionalism. He is a highly-focused individual that keeps things on track & always has valid input & shows initiative. He is one of those people who wants to get the job done properly & wants to deliver. Emad keeps current with technology & I especially liked the fact that he always has plans that he follows to improve his career, & to deliver results."

Noor Saud Abdul-Aziz

Position: Program Manager at Obeikan Education Said:

"I consider Emad a model member of the team who provided consistency & delivered all expectations. His unconventional way of thinking helped the company to solve practical issues in the most efficient ways."
